

Videos

We live in a digital and visual age. 13 hours of video material are uploaded to www.youtube.com every minute.

This selection of videos is offered to give an insight into elements of youth culture and the world, views and expressions of young people.

If you have a wireless internet connection in your church building you may be able to view them simply by clicking on the links.

If not, then you may have to 'rip' (being conscious of possible copyright infringement) the videos into another format in order to play them.
<http://www.downloadyoutubevideos.com/> tells you how to do this for youtube videos.

We offer the following links as videos that paint pictures. We offer them without endorsement, comment or critique...

M9 Strange Fruit

A music video exploring knife and gun crime.
<http://uk.youtube.com/watch?v=Jdvt2daVSJ8>

Labels R 4 Jars

A short report reflecting upon adult views of young people.
<http://www.ycwimpact.com/news.php?articleid=19>
